<p>5. Roundtable</p>		<p>Jeff F. - District has provided funds to our site for substitutes to be paid to implement Phase I of online campus learning for at risk students and/or students that need support. Although an amount was not given, it has allowed for the use of 3 subs for 3 days a week to continue the Phase I supports. The district allocated monies will be used in place of the sites Title I monies that were recently allocated to use for Phase I to pay for the retired teacher subs. Monies will be used through December while Phase I is up and running. If the decision to continue on to Phase II goes as planned (<i>to start on Jan. 4th however it is not an agreed upon date as of yet.</i>) then the use of district monies will cease for phase I and the option to continue supports may continue with site Title I funds as originally planned.</p> <p>On a side note we should start thinking about ways in which we can spend any remaining monies left in the Title I resource. It is highly encouraged to spend as much of the categorical monies that the site has been allocated. Categorical spending guidelines will be shared with the council via email.</p> <p>Jennifer – Is it possible to come up with a wish list to have staff/teacher input for future/possible expenses?</p> <p style="padding-left: 40px;">All teachers would collaborate and come to an agreement as to how and what the monies will be spent on. A wish list would be very helpful.</p> <p>Jeff C. - Will School Police be on campus when Phase II begins and in person learning resumes?</p> <p style="padding-left: 40px;">We have an officer assigned to the school. In the event that there is “activity” or the need for support from school police the school can contact “Jeff” who is stationed at Kearny High School.</p>
